**Mission Statement of the Environmental Justice
Advisory Committee on the Implementation of the
Global Warming Solutions Act of 2006**

The mission of the Environmental Justice Committee on the Implementation of the Global Warming Solutions Act of 2006 shall be to work cooperatively with all relevant bodies to provide the best possible advice to the California Air Resources Board on the development of the Scoping Plan called for by the Act and all other pertinent matters related to the implementation of the Act. Through this advice the Committee seeks to provide helpful, workable recommendations on how best to ensure and encourage public engagement in the implementation of the Act and how best to reduce greenhouse gas emissions while maximizing the overall societal benefits, including reductions in other air pollutants, diversification of energy sources, and other benefits to the economy, environment, and public health.
